1. Installation

Download Extension

- Download the extension on the website:
<http://www.tigren.com/product/banner-manager.htm/>

Unpack Zip File

- After downloading, unpack the extension zip file

Upload Files

- Upload all the files from the extension package to the root folder of your Magento installation

Run Following Commands

- `php bin/magento module:enable Tigren_Core`
- `php bin/magento module:enable Tigren_Bannermanager`
- `php bin/magento setup:upgrade`
- `php bin/magento cache:flush`

2. Create Blocks

Admin Panel => BANNER MANAGER => Blocks

The screenshot displays the 'Blocks' management interface. On the left is a sidebar with navigation options: Dashboard, Sales, Products, Customers, Marketing, Banner Manager (selected), and Multiple Order Email. The main content area shows a table with the following data:

ID	Title	Position	Display Type	From	To	Sort Order	Status	Action
1	Block Test v1	product-menu-top	Slider			1	Disabled	Select Edit Delete

Annotations in the image include a green arrow pointing to the 'Add New Block' button and a red callout pointing to the 'Select' dropdown menu.

2. Create Blocks

5. Front-end Demonstration

The screenshot displays a web browser window with the URL `demo.magebuzz.com/magento21/women/tops-women.html`. The page features the LUMA logo and a navigation menu with categories: What's New, Women, Men, Gear, Training, and Sale. A search bar is located in the top right corner. Below the navigation, a breadcrumb trail reads "Home > Women > Tops". The main heading is "Tops". A large banner slider is positioned at the top of the content area, featuring the text "WORLD'S BEST CUSTOMER SERVICE" and navigation arrows. Below the banner, there are five circular icons representing different services. A "Shopping Options" sidebar on the left lists filters: CATEGORY, STYLE, SIZE, PRICE, COLOR, MATERIAL, PATTERN, and CLIMATE. The main product area shows "50 items" and a "Sort By" dropdown menu set to "Position". Below the banner, four women are shown wearing different styles of tops.

5. Front-end Demonstration

The screenshot shows a web browser window with the URL `demo.magebuzz.com/magento21/women/tops-women.html`. The browser tabs include "New Banner / Banners / B...", "Home Page", "Banner Manager for Mag...", and "Tops - Women".

The page content includes a navigation menu with the following links:

- About us
- Customer Service
- Privacy and Cookie Policy
- Search Terms
- Contact Us
- Advanced Search
- Orders and Returns

There is a subscription form with the text "Enter your email address" and a "Subscribe" button.

A red text annotation "Banner on Menu Bottom" points to a banner area. The banner features the heading "MAGENTO SERVICES" and a list of services:

- ↑ Magento Upgrade
- ✂ Magento Migration
- <> Magento Website Development
- 🔧 Extensions / Templates Customization

A "GET QUOTATION" button is located below the list. The banner image shows a person's hands using a laptop and a smartphone on a desk.

Below the banner, there is a paragraph of Lorem Ipsum text:

Contrary to popular belief, Lorem Ipsum is not simply random text. It has roots in a piece of classical Latin literature from 45 BC, making it over 2000 years old. Richard McClintock, a Latin professor at Hampden-Sydney College in Virginia, looked up one of the more obscure Latin words, consectetur, from a Lorem Ipsum passage, and going through the cites of the word in classical literature, discovered the undoubtable source. Lorem Ipsum comes from sections 1.10.32 and 1.10.33 of "de Finibus Bonorum et Malorum" (The Extremes of Good and Evil) by Cicero, written in 45 BC. This book is a treatise on the theory of ethics, very popular during the Renaissance. The first line of Lorem Ipsum, "Lorem ipsum dolor sit amet...", comes from a line in section 1.10.32.

The footer contains the website URL `www.magebuzz.com` and the copyright notice "Copyright © 2015 Magento. All rights reserved."

6. Customization

BANNER MANAGER EXTENSION for Magento 2 is 100% open source and provided under **General Public License** (<http://www.gnu.org/licenses/gpl.html>).

You are allowed to customize the theme to meet your requirements.

7. Customer Support
