Notes: Empty fields will not be shown in front-end

3. Create and Manage Events

Step 3: Choose the category that the event is belong to

The screenshot shows a web interface for managing events. On the left is a sidebar with a menu under the heading 'EVENT'. The menu items are: 'Event Information', 'Event Organizer Information', 'Category' (which is highlighted with a red vertical bar), 'Associated Product', and 'Registered Users'. The main area displays a table with 2 records found. Above the table are controls for 'Search', 'Reset Filter', and pagination (20 per page, 1 of 1). The table has columns for 'ID', 'Title', and 'Position'. Each row has a checkbox in the first column, followed by the ID, Title, and Position. A red circle highlights the checkboxes, and a speech bubble points to them with the text 'Tick to choose the category'.

<input type="checkbox"/>	ID	Title	Position
<input type="checkbox"/>	2	Music	
<input type="checkbox"/>	1	Sport	

Notes: Saving the event into a certain category will help the customers easily search for events by category

3. Create and Manage Events

Step 4: Select associated product
