

TIGREN

AJAX SUITE FOR MAGENTO 2

Ajax Suite for Magento 2 is a collection of powerful extensions (Ajax Cart, Ajax Login, Ajax Wishlist, and Ajax Compare). It's a gateway to a world of advantages that will transform your online store.

Version: 1.0.0

Installation Guide

Step 1: Download the extension package

Step 2: Unpack the extension's zip file

Step 3: Upload all the extracted files from the extension package to the root folder of your Magento installation

Step 4: Run the following commands in your Magento directory:

- `php bin/magento module:enable Tigren_Core`
- `php bin/magento module:enable Tigren_Ajaxsuite`
- `php bin/magento module:enable Tigren_Ajaxcart`
- `php bin/magento module:enable Tigren_Ajaxlogin`
- `php bin/magento module:enable Tigren_Ajaxwishlist`
- `php bin/magento module:enable Tigren_Ajaxcompare`
- `php bin/magento setup:upgrade`
- `php bin/magento cache:flush`

User Guide

To make the extensions in Ajax Suite work, you need to configure each one individually:

Ajax Suite

- Go to **Stores > Configuration > TIGREN > Ajax Suite**.
- Expand the **General** tab.
- Enable Ajax Suite: select **Yes** to enable the extension
- Auto Close Notification Popup: select **Yes** if you want the Ajax Cart/ Login/ Wishlist/ Compare popups will be automatically closed.
- Popup will close after: If you chose “Yes” in the previous section, you can specify the time (in second) after which the popup will close.

The screenshot shows the configuration interface for the Ajax Suite extension. On the left is a vertical sidebar with icons and labels for various system modules: EVENTS, CUSTOMERS, MARKETING, CONTENT, BANNER MANAGER, MULTIPLE ORDER EMAIL, REPORTS, STORES, SYSTEM, and FIND PARTNERS. The main content area is divided into two sections. The top section, titled 'General', contains three configuration items: 'Enable Ajax Suite' with a dropdown menu set to 'Yes', 'Auto Close Notification Popup' with a dropdown menu set to 'Yes', and 'Popup Will Close After' with a text input field containing '0'. The bottom section, titled 'Popup Design and Effects', is currently collapsed. The 'TIGREN' category in the sidebar is expanded, showing sub-items: Split Cart, Repayment, and Ajax Suite.

Since the Ajax Suite acts as the backbone for all included extensions, you can set up the design and effects of all popups in the Ajax Suite configuration.

- Expand the **Popup Design and Effects** tab.
- Choose your preferred Animation for popup display effect.
- Customize the background color, header success background color, header error background color, header text color, button text color, button background color of the popups.
- Save your settings.

The screenshot displays a web-based configuration interface. On the left is a vertical sidebar with icons and labels for various system modules: EVENTS, CUSTOMERS, MARKETING, CONTENT, BANNER MANAGER, MULTIPLE ORDER EMAIL, REPORTS, STORES, SYSTEM, and FIND PARTNERS. The main area is divided into two sections. The top section is titled 'General' and contains a list of expandable tabs: GENERAL, CATALOG, SECURITY, CUSTOMERS, SALES, YOTPO, DOTDIGITAL, and TIGREN. The 'TIGREN' tab is currently selected and expanded, showing sub-items: Split Cart, Repayment, and Ajax Suite. The 'Ajax Suite' sub-item is highlighted. The bottom section is titled 'Popup Design and Effects' and contains several configuration options, each with a 'store view' link and a color selection field:

- Animation**: A dropdown menu set to 'Fade In'.
- Background Color**: A color field set to #e9f1f3.
- Header Success Background Color**: A color field set to #89d2fc.
- Header Error Background Color**: A color field set to #89d2fc.
- Header Text Color**: A text field set to #fff.
- Button Text Color**: A text field set to #fff.
- Button Background Color**: A color field set to #01a2ff.

Next, let's configure other extensions in the suite.

Ajax Cart

- Below the Ajax Suite section, find the Ajax Cart settings.
- Select **Yes** to enable Ajax Cart features
- Enter the message that will be shown to your customers after they add products to the shopping cart.
- Customize the remaining options based on your store requirements: show cart information/ related products in the success popup, Ajax update in the shopping cart page, Ajax autoloading quantity if it changes.
- Save your settings.

The screenshot displays the Magento Admin interface. On the left is a vertical sidebar menu with icons and labels for various sections: CATALOG, AJAX SUITE, EVENTS, CUSTOMERS, SALES, YOTPO, DOTDIGITAL, TIGREN, Split Cart, Repayment, Ajax Suite, **Ajaxcart** (highlighted), and Ajax Login. The main content area is titled "General Options" and contains several configuration fields:

- Enable Ajax Add to Cart** [store view]: A dropdown menu set to "Yes".
- Message After Adding Products to Cart** [store view]: A text input field containing "You have recently added this product to your Cart".
- Add to Cart Button Class** [store view]: A text input field containing "tocart".
- Show Cart Information in Success Popup** [store view]: A dropdown menu set to "No".
- Show Related Products in Success Popup** [store view]: A dropdown menu set to "Yes".
- Ajax Update in Shopping Cart Page** [store view]: A dropdown menu set to "No".
- Ajax autoloading qty if change** [store view]: A dropdown menu set to "Yes".

Ajax Login

- Below the Ajax Cart section, find the Ajax Login settings.
- Select **Yes** to enable Ajax Login features
- Choose the destination page where you want the customers to be redirected after successful login (e.g.: Customer dashboard, Home page, Cart page, Wishlist page, or stay on the current page - Reload).
- Choose the slide animation for the login popup (e.g.: Show, Fade, Slide)
- Select “Yes” if you want to enable social login feature and provide your credentials for the allowed social networks (Facebook, Twitter).
- Save your settings.

The screenshot displays the Magento Admin interface. On the left is a vertical sidebar with various menu items: CATALOG, AJAX SUITE, EVENTS, CUSTOMERS, MARKETING, CONTENT, BANNER MANAGER, MULTIPLE ORDER EMAIL, REPORTS, STORES, SYSTEM, and FIND PARTNERS & EXTENSIONS. The main content area is divided into two sections: 'General' and 'Social Login'. The 'General' section has three dropdown menus: 'Enable Ajax Login' (set to 'No'), 'Destination Page After Login' (set to 'Reload'), and 'Slide Animation' (set to 'Show'). The 'Social Login' section has four input fields: 'Enable Social Login' (set to 'Yes'), 'Facebook App Id' (with a link to create a Facebook app), 'Google+ Client Id' (with a link to create Google+ projects and client ID), 'Twitter Consumer Key' (with a link to create a Twitter app), and 'Twitter Consumer Secret' (with a link to create a Twitter app). Each input field has a '[store view]' label and a dropdown arrow.

Ajax Wishlist

- Below the Ajax Login section, find the Ajax Wishlist settings.
- Select **Yes** to enable Ajax Wishlist features.
- Enter the message that will be shown to your customers after they add products to the wishlist.
- Save your settings.

The screenshot shows a dashboard with a vertical sidebar on the left containing various menu items: CATALOG, AJAX SUITE, EVENTS, CUSTOMERS, MARKETING, CONTENT, BANNER MANAGER, MULTIPLE ORDER EMAIL, REPORTS, STORES, and SYSTEM. The main content area is titled "General" and contains two settings:

- Enable Ajax Wishlist** [store view]: A dropdown menu with "Yes" selected.
- Message After Adding Product to Wishlist** [store view]: An empty text input field.

A close button (⊖) is visible in the top right corner of the settings panel.

Ajax Compare

- Below the Ajax Wishlist section, find the Ajax Compare settings.
- Select **Yes** to enable Ajax Compare features.
- Enter the message that will be shown to your customers after they add products to the comparison list.
- Save your settings.

The screenshot displays the configuration interface for the Ajax Suite extension. On the left is a vertical sidebar menu with icons and labels for various sections: CATALOG, AJAX SUITE, EVENTS, CUSTOMERS, MARKETING, CONTENT, BANNER MANAGER, MULTIPLE ORDER EMAIL, REPORTS, STORES, SYSTEM, and FIND PARTNERS. The main content area is titled 'General' and contains two settings:

- Enable Ajax Compare** [store view]: A dropdown menu set to 'Yes'.
- Message After Adding Products to Compare** [store view]: A text input field containing the message 'You added this product to the comparison list'.
